CONSUMPTION CURED!

CANCHALAGUA;

AND THE COMPLETE CURE OF

Coughs, Colds, Influenza, Asthma, Bronchitis, spitting of Blood, and all other Lung Complaints tending to CONSUMPTION, WITHOUT OPIUM.

...Dr. SCHENCK, the celebrated Physician and Chemist, of Philadelphia, has been engaged for many years in curing Consumption, and in his extensive practice has found it necessary to prepare his own medicines. Among the most valuable of these are his PULMONIC SYRUP, SEA WEED TONIC, and MANDRAKE PILLS, which are now so extensively used throughout the United States. The Canchalagua is a vegetable production of California, and was first introduced into this country by Dr. Schenck, during his last visit to that country for the restoration of his health, which was entirely restored by the use of this remedy. It is purely vegetable, and may be taken by the most delicate female or feeble infant with perfect safety. It does not contain mercury, or any other mineral, but is composed entirely of roots and herbs, which are to be found in the valleys of California. Explicit directions accompany each bottle, so that any person can use it with perfect safety, without producing the slightest change in diet, or hindrance from business. Dr. Schenck has been engaged for the last three years in curing Consumption, and has now in his possession certificates of the most astonishing cures, performed by the Canchalagua, after the patient had been given over by the most eminent physicians, and in many cases after they had raised large quantities of tubercles, or matter from the lungs. Indeed, so great is the confidence he has in the Canchalagua, that he will warrant a cure in every case of Consumption, Liver Complaint, or Dyspepsia, where the directions are strictly complied with, and a fair trial given, unless the patient is reduced too low by other physicians, or has taken mercury enough to salivate, in which case it will relieve. Dr. Schenck has also in his possession certificates of cures performed by the Canchalagua, after the patient had been pronounced incurable by the most eminent physicians in the country, and after they had raised large quantities of tubercles, or matter from the lungs. Indeed, so great is the confidence he has in the Canchalagua, that he will warrant a cure in every case of Consumption, Liver Complaint, or Dyspepsia, where the directions are strictly complied with, and a fair trial given, unless the patient is reduced too low by other physicians, or has taken mercury enough to salivate, in which case it will relieve. Dr. Schenck has also in his possession certificates of cures performed by the Canchalagua, after the patient had been pronounced incurable by the most eminent physicians in the country, and after they had raised large quantities of tubercles, or matter from the lungs.

CIRCULARS &c.

An ordinary pecuniary advertisement is not to exhibit the nature and manner of the article, the Proprietor must publish a New Circular, giving the History of the Medicine; the description, nature, &c., of its operation; the effect they have had upon the Lungs, and Liver, and the symptoms in which persons who have been cured by it, usually labor; names and residences even to the street and the number. Those who are troubled with a Cough, or whose Lungs are in the least affected, and are desirous of information upon the Agency and effects of the Canchalagua, should send for Pamphlets. It can be had gratis, and if not to be found in a neighborhood, The Medicine Herald, and "About taking Cold," may be worth to yourself and family.

Hundreds of Dollars,

in the shape of Doctor's Bills, may be saved by the means of the following sure and speedy Remedy.

MARRANTY.

Such is our confidence in this Canchalagua, that we are willing to warrant this Medicine in every case of Coughs, Colds, (when used according to the Directions on page 24th of the pamphlet, inside the wrapper of each bottle,) and where the person is not satisfied that he is benefited in 24 hours, by returning the bottle within twenty-four hours from

THE MONEY

will be returned. 50 Passage 50 of the pamphlet to find the wrapper of each bottle.

Be sure to ask for Dr. H. Boyer's Syrup of LAVENDER, TAR, and CANCHALAGUA, and let no other be palmed off to you.

CAUTION.—None genuine, unless there is on the bill of directions a red 5 of hand, signed with a pen, by A. BROOKS & CO.

For sale wholesale and retail, by A. L. SCOVILLE & CO., Proprietors, at their Principal Depot, GOTHIC HALL, No. 216 Broadway, New York, to whom all orders for the Medicine, and letters relating to agencies, should be addressed, post paid.

Also for sale in Bangor, wholesale and retail, by LADD & INGRAHAM, Agents. Sold by Holden by B. F. KENDALL; Houlton, P. O. FLAHERTY; Bucksport, D. H. PARKER.

PRICE—In large bottles, $1.00 or six bottles for $5.00.

PATENTS.

American and Foreign Office.

AGENCY FOR BUSINESS WITH THE U. S. PATENT OFFICE, WASHINGTON.

No. 22 State Street,.....Boston.

...December was appointed by the Commissioner of Patents, Agent of the U. S. Patent Office, in accordance with the 10th Sec. of the Act of 1837.

Having established the Agency for the transaction of all business in the Patent Office, whether prosecuted about my weeks earlier, I would inform them free of expense to the inventors, Specifications, Assignments, and all the necessary papers will be drawn up and Drawings for Patents executed in the same manner as if they were present themselves.

In this office, inventors are saved the trouble of a journey to Washington as well as all personal trouble in obtaining their patents. They also have the advantage of explaining their inventions and object to them, matters, in letters, sometimes in order to obtain favorable decisions. The experience of a certain extensive collection of inventions, &c., of mechanical subjects, and patents of different countries, collected at much expense during the last ten years, this office has been established, together with accounts before kept of inventions patented at Washington, enable the subscriber to afford to inventors advantages of procuring Patents, assistance, and information, which in other respects might be difficult of attainment.

R. H. EDDY, Solicitor of Patents.

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any, who conducted it with more skill, fidelity and success than Mr. Eddy. I can recommend him as one of the best-informed Patent Solicitors in the business, and in assuring to applicants their rights. I have no hesitation in recommending him to inventors as a gentleman of strict integrity, and perfectly reliable in all his transactions. EDMUND BURKE, Late Commissioner of Patents.

Blacksmithing, Horse-Shoeing AND Veterinary Establishment.

W. A. McLAUGHLIN,

East Market Square,....BANGOR,

HAS purchased the Horse-Shoeing establishment of Mr. Joseph Buther and enlarged the same for carrying on all the departments of Blacksmithing, Carbon-work, Jobbing, &c., and for Horse-Shoeing and careful attention to all the diseases to which horses are liable.

HORSE-SHOEING AND FARRIERY.

Mr. JOSEPH BITHER has been engaged to conduct the important department of Horse-Shoeing, and will give his attention to the application of the Veterinary art for the cure of all diseases of horses. Mr. Buther has no superior in this country in skill in these departments, and he will now be relieved from all other cares and enabled to give his undivided attention to this special branch.

Competent and skilful workmen are employed in all the departments, and it is intended to make this every way a first class establishment, where work will be executed skillfully, promptly, of the best materials, with a good finish and at reasonable rates.

The public patronage is earnestly solicited.

Bangor, April 24, 1851. d&w3w

ELEGANT AND INVALUABLE Articles for the Toilet

Bogle's Hyperion Fluid.

For Restoring, Preserving, and Embellishing the HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians of Boston, in which he is held by the community in which he resides, without producing any injurious effects, which can be known to attend constantly the use of many well known patented compounds.

Boston, Feb. 15, 1847.

Mr. Wm. Bogle,—Sir: The preparation invented by you for the hair, has been extensively used in my family, and they all concur in pronouncing it the most valuable preparation for the hair, from their own experience, that has ever been offered to the public. It invigorates the roots of the hair, and causes a new growth to spring up, where the hair has fallen off, and prevents dandruff and scurf. For children, it is the foundation of a good head of hair.

Yours, WINSLOW LEWIS,

No. 11 Congress St., Boston.

Bogle's Hyperion Fluid

IS THE

NORTH AMERICAN ELECTRIC WASHING FLUID,

For Washing in either Hard or Soft Water.

THIS is the only genuine article to be found in the world, and possesses double the power of anything ever discovered, for washing clothes at a trifling expense, doing away with washboards at once. In fact it seems to be the long sought philosophic stone, or universal lederant, ascending a thousand degrees perfection in operation, being of the most astonishing character. The common mixed washing may lie along with our gilded Hyperion Fluid, in less than two hours, it softens and removes the dirt, leaving the article of the most brilliant whiteness—being as harmless in its operations as pure water, and clothing will wear much longer than when rubbed to pieces by the common method of washing.

This Fluid is a powerful agent, to be used in all cases where soap is required, particularly for cleansing table utensils, cleaning windows and paint, scouring floors, &c., in short, is by far beyond a precedent as its use is universal, in washing purposes.

P. S.—All Colored Goods are rendered brighter by being washed in this Fluid; all Woolens are less liable to shrink, and thereby rendered much softer than in the old way of washing.

None genuine unless the Labels contain their Signatures.

The above article is warranted by the Manufacturers not to contain soda, lime, camphene, turpentine, or acid of any kind, but to be purely an alkaline preparation of the most powerful character, possessing more than double the washing power of anything ever discovered, being perfectly harmless in vapor without possessing the caustic properties of the miserable articles which flood the market, and in many instances disgust the people to that degree that they are unwilling to try a good article when it really is to be found. The proprietors only ask a fair trial of this article, and are willing to forfeit any amount for a single failure in any instance where it is used.

MOORE, COLLINS & CO.,

KITCHEN & HENDERSON'S

HAIR PRESERVATIVE.

THIS article has been before the public nearly five years, and the proprietor is prepared to say that for RESTORING DANDRUFF from the scalp,

RESTORING HAIR WHERE FALLEN OFF TEMPORARILY,

and giving it a BEAUTIFUL, SOFT, AND GLOSSY APPEARANCE, IT CANNOT BE EXCELLED. The basis of this Preservative is a pure vegetable Oil, extracted from a plant found growing luxuriantly in the Western States, and which possesses, in a remarkable degree, the cleansing properties requisite for

REPRODUCING AND BEAUTIFYING THE HAIR,

by acting upon and reviving the glands or roots.—Those who faithfully apply this Preservative will be surprised at finding a new, silk-like and glossy it renders the hair, which it clears the scurf or dandruff, and affords the most agreeable sensations. It has already been extensively used, and in every instance has given perfect satisfaction.

REASONS FOR USING THIS PRESERVATIVE.

1. It is a very pretty, clean article, and has an agreeable perfume.

2. It is put up in a very convenient form, and at a very reasonable price.

3. Acting as a stimulant, it affords relief to the Head ache.

4. It serves to hold nearby Hair a desirable moisture and softness.

5. It promptly arrests the falling off of the Hair where that evil has commenced, and promotes the growth of new Hair. In fine, it does all for the Hair that any preparation for restoring and improving this ornament of the head can possibly do.

Manufactured and for sale by

REMOVAL!

WINSLOW CHASE,

No. 3 East End Kenduskeag Bridge,

Harness and Trunk Maker,

MANUFACTURER AND DEALER IN

Boots, Shoes and Moccasins,

HAS removed from Main Street to the store recently occupied by Stewart & Williams, opposite John Low's City Market, where he is prepared to manufacture in the best style

Harnesses and Trunks

of every variety.

He has a good stock on hand of single and double Sleigh and Team Harnesses, which will be sold at reasonable rates. Also, HORSE BLANKETS, BELLS WHIPS, VALISES, CARPET BAGS, &c.

BOOTS.

Heavy Boots for lumbermen; Parkin's famous Thick Boots constantly on hand; together with an assortment of SHOES suitable for the market. He will manufacture substantial thick Boots to order, and of the best quality.

Customers are invited to call at the new stand, and it is believed that after the twenty years' acquaintance which Mr. Chase has of the people of Bangor and their wants, that he can accommodate them in good shape, both as to variety and quality of articles, and fairness of trade.

Bangor, Dec 27. wtf

Pure Block Tin Pipes.

WE beg leave to advise the public that we are the Agents of Messrs. T. O. LEROY & CO., the manufacturers of this celebrated article, and keep on hand a full supply at the New York prices. These pipes are warranted pure Block Tin, cost no more by the foot than Lead Pipes of equal capacity and strength, and entirely free from corrosion, and of the

Noxious, Poisonous Qualities

that many waters derive from Lead when used to conduct it, and are recommended by the first Chemists and Engineers of our country, as superior to any thing heretofore offered for the same purposes.

FRANKFORT HOUSE.

THE subscriber has recently taken the House at Frankfort, known as the FRANKFORT HOUSE, and will open the house to the patronage of the public on Monday [illegible]

Frankfort, Nov 20, 1850. O. H. HINCKLEY

Real Estate for Sale.

THE undersigned will sell the following described Real Estate, situated at South Levant, in Penobscot County:

A single Saw-Mill, Lath and Stave Mill, nearly new, and in first rate repair.

A small Farm of about 25 acres of first rate land, all under good improvement, upon which there is a good house and barn, and out-buildings, and well situated for a physician, merchant or mechanic.

A farm of about 50 acres of good land, some 130 rods from the mills at South Levant, with a small house on the same, and some improvements; together with a number of smaller lots in the village, well situated for building lots.

Also a good farm of about 60 acres near Weston's Mills in Levant, with good buildings thereon, very pleasantly situated.

A tract of 672 acres of wild land in the town of Hermon, about nine miles from Bangor on the new County road recently located and now being opened from Etna, through Carmel and Hermon, to Bangor. This is an excellent tract of land for farming.

Also, a new and convenient house and lot in Bangor, near the Levant Road on Thomas' Hill, and near the finished place.

The above property will be sold at good bargains and on favorable terms to purchasers. A portion of the purchase money will be required on the delivery of the deeds, and the remainder will be put on liberal time with notes secured by mortgage on the premises

A. A. WING.

HENRY L. DAGGETT,

No.

Whig and Courier.

John S Sayward Editor

SATURDAY, MAY 31, 1851

☞ The Boston Atlas states, that the recent Congressional elections in Massachusetts by which the vote of the State in Congress, if required will be given to the whig candidate for the Presidency, has served to intensify parties in that ancient Commonwealth and to show to the whig chiefs that they do not stop to dally with the leaders of either of the parties, but earnestly and faithfully go forward with the old and tried principles, and the same as whigs they may be sure of winning the State back to the whig fold.

The election of Mr Palfrey and the repeal of the fugitive slave law were the two rallying points of the Free Soil party. The election of the whig candidate, Mr Thompson settles the question that no efforts can now effect Mr Palfrey and it is about as well to let that of the fugitive slave law cannot be repealed for two years at least, so that agitation of that subject can be of little effect. It will hardly be found to possess sufficient vitality and significance to keep up a party organization. Henceforth the Free Soilers with Whig tendencies will unite with the Whigs while those who have become corrupted with love of office and with reckless politicians will slide away into that portion of the loco party which has kind out of by the leadership of Ranteul.

We think this a rational view of this subject. The whig party seems to be quite firm that henceforth special party issues on minor grounds will not cause much agitation. There are many indications of which the recent election in New York to fill vacancies in the legislature is one that the people of the country are turning their attention to the general peace and quietness of the country and to those measures which will make the country prosperous and cause it to run successfully the race of improvement. They are turning the cut cut on to the measures which have already led the country in a prosperous path and to those which should be the opposite tendency. Such investigations will prove that the substantial and lasting interest of the government and the people are the same and that a true patriotism and an enlightened self interest alike demand substantial efforts to complete and perfect a system of improvements already so well begun as is destined to become note the support of these measures or to be left openly behind and the latter is what they do not relish. The men will be hereafter to be called to direct the State and the times are not the simplest of legislators to solve questions of fleeting importance the mere politicians will manage any principle solely that can be erased upon the course but men of large and comprehensive views who see the great mission of this country to advance the general welfare and prosperity of the people to give to labor its largest reward to enable every American citizen to earn and own his own home and support and educate his children and make all the springs of business turn to the best account and so cause the times to be contented and happy and to show to the world how much beneficial and wisely conducted government can do for its people. In such act on the whig party can be set home and work with a heart and with zeal. The coming days in our country is the brightest and the darkness to appear and these are the hope of the patriotic and will exhaust their cheerfulness.

HONOLULU AMERICAN CONSUL. The Paris correspondent of the New York Journal of Commerce, says that the names of American have often figured during the last season in the evening dress lists before the Academy of Sciences for the honorable distinction of a member or foreign correspondent. How we thinks there is no doubt that Mr William Dorr of Cambridge Mass will receive the appointment Mr Dorr's name occupies also of the front rank, while that of the late distinguished mathematician Enoch Pickering of New Hampshire and others equally celebrated.

Samuel Colt of Connecticut has just been awarded a silver medal by the Paris Society for the Encouragement of National Industry for the invention of his method for making lead pipes.

☞ To editor of the Peoples Press at tells that he has received a communication from an Old Tory here ago at the Mumbleville Red Light Books. We thank he must be quite too old for active service, and too far gone or too indolent to learn a new system of conversation and useful. The result of the use of Mandeville system and how is to the school in the city is an exemplification and proof of the superiority of Mandeville system and all the hypothesis and theories and talk in the universe cannot overthrow. No tenth who is of sound mind and a honest and understands Mandeville system and is acquainted with the practical effects of it when properly taught can fail to approve it and commend it.

☞ The statement made by Captain Forbes, of the British Navy, that Slavery exists in Liberia the very place which was founded for the purpose of aiding in its suppression has surprised us. His assertion that slavery did there exist having been called in question by some gentlemen interested in the subject Capt Forbes in a letter to the editor of the London Morning Herald gives the most conclusive evidence of the correctness of his statement.

☞ Prof Grimes will lecture this evening on the Selfish Impulses, combativeness destructiveness, &c, and will give experiments in phrenology and mesmerism, making quite a variety calculated to suit all tastes, and to make the evening pass off very agreeably.

The annual meeting of the Bangor Horticultural Society will be held this afternoon for the purpose of choosing officers and making the necessary arrangements for the year. It is very desirable that there should be a full attendance of the members.

☞ The clipper brig Grey Hound will be launched this forenoon at about eleven o'clock from Snow's ship yard at Brewer, opposite this city.

A Magnificent Organ.

To the Editor of the Whig and Courier.

We had the pleasure last evening of hearing the new organ just erected in the Rev Mr Little's church. It is from the celebrated house of Simmons & Co Boston. This organ in point of size ranks as second in the State—the 1st is that in Portland one of Simmons & Co's make being the largest in the State. This organ is a little Grecian style—and numbers 32 registers—two banks of keys—with a sub bass to C C.

Messrs Simmons & Co are builders of some of the largest and most splendid organs in this country. They built the large organ in Plymouth Church New York St. Paul's Philadelphia and other instruments of celebrity.

The organ on the occasion above alluded to was played by Mr. Tufts the accomplished and justly distinguished organist of this city and also by Mr Simmons one of the builders who evinced fine taste and considerable skill in bringing out the beauties of the instrument—Mrs Tufts and Mr Duren also gave good evidence of their knowledge of the organ playing.

This instrument we should judge possesses rich and superior qualities—and to most organs we have ever heard. On the whole in the stops of the combine there is a full flowing rich and body of tone so entirely free from the shrill stridency which is sometimes called *nasal* so common in most organs as cannot escape the notice of the unskilled ear. The Diapason stops possess great weight and dignity, and have a perfectly controlling influence over all the subordinate stops which in connection with the perfection of voice and balance of the combination of ornamental stops cause the whole under played together to combine so perfectly as to produce one grand and perfect volume of sound to analyze which would be very difficult, if not impossible. No better proof of the high artistic skill than this could be adduced. So perfect a full piece we have never heard. The whole is a delicate instrument and its operations are so perfect as will suppose it possible to make them. So perfect are they, one would believe them to be the real instruments in the hands of accomplished performers.

Considering the many disadvantages the builders had to contend with in the contract it might be allowed for the organ still the operation of the house for producing a good musical effect to think they have such a great triumph in having made the instrument so beautifully effective.

To the persons in general and all concerned who purchased organ it cannot but be awarded a perfect one. Liberal and interesting efforts of Mr Simmons & Co in the church.

May 30th

Maine Legislature.

AUGUSTA May 27

In the Senate papers from the House disposed of and concurred.

An act in addition—Resolve authorizing the County of Kennebec to procure a loan—resolve granting to adjourn—resolve laying a tax on the several counties of this State. An act in addition to and to incorporate the Cape Elizabeth Wharf and Marine Railway Company—an act to correct and adjust the valuation of Gardiner and West Gardiner—ditto of Hallowell and Chelsea—to incorporate the Lastport Manufacturing Company—an act additional to and to incorporate the Portland Society of Natural History.

The reputation of this medicine is now so well established as to render any remarks unnecessary further than to say that the unprecedented demand for it during the past year has induced the proprietor to increase the facilities for manufacturing it to an extent sufficient to supply the public demand. The ingredients of which it is composed are the best that can be procured and the process of manufacturing is conducted by a scientific chemist. The result is a concentrated extract of Sarsaparilla of the most powerful character, containing all the purifying properties of the root in a highly concentrated form. It is offered to the public as the best preparation of Sarsaparilla that can be made, and the proprietor has no hesitation in saying that it is superior to any other in the market. Explicit directions for use in various diseases accompany each bottle. Price $1 per bottle, or six bottles for $5.

Prepared by A. SANDS, Druggist and Chemist, 79 Fulton st corner of William New York. Sold by Druggists generally throughout the United States and Canadas. For sale in Bangor by LADD & INGRAHAM

THE GENUINE BALM OF COLUMBIA

This well known rich luxuriant liquid hair dressing from its decided and certain success to please the most fastidious and exacting of the fair sex will no doubt exceed your expectations. Many who have used the article for the past twenty years, have had it to say that it is the original perfect and only genuine Balm of Columbia. Age and long experience has proved to the satisfaction of all who use it, that it is the most valuable preparation ever offered to the public for the hair. It is the only article that will restore gray hair to its original color, which is the best evidence of its superiority over all other preparations. It is the only article that will prevent the hair from falling off, and cause it to grow on bald heads. It is the only article that will keep the hair in any climate, during the hottest weather, from becoming rancid and disagreeable. It is the only article that will prevent the hair from becoming dry and harsh, during the coldest weather. It is the only article that will keep the hair in curl for any length of time. It is the only article that will prevent the hair from becoming matted and tangled. It is the only article that will prevent the hair from becoming thin and scanty. It is the only article that will prevent the hair from becoming gray. It is the only article that will prevent the hair from becoming bald. It is the only article that will prevent the hair from becoming dandruff. It is the only article that will prevent the hair from becoming scurf. It is the only article that will prevent the hair from becoming dry and harsh. It is the only article that will prevent the hair from becoming brittle. It is the only article that will prevent the hair from becoming split. It is the only article that will prevent the hair from becoming frizzled. It is the only article that will prevent the hair from becoming curly. It is the only article that will prevent the hair from becoming straight. It is the only article that will prevent the hair from becoming wavy. It is the only article that will prevent the hair from becoming kinky. It is the only article that will prevent the hair from becoming woolly. It is the only article that will prevent the hair from becoming nappy. It is the only article that will prevent the hair from becoming matted. It is the only article that will prevent the hair from becoming tangled. It is the only article that will prevent the hair from becoming knotted. It is the only article that will prevent the hair from becoming twisted. It is the only article that will prevent the hair from becoming curled. It is the only article that will prevent the hair from becoming frizzled. It is the only article that will prevent the hair from becoming curly. It is the only article that will prevent the hair from becoming straight. It is the only article that will prevent the hair from becoming wavy. It is the only article that will prevent the hair from becoming kinky. It is the only article that will prevent the hair from becoming woolly. It is the only article that will prevent the hair from becoming nappy.

Consumption,

COUGHS and Colds Liquid Consumption Asthma Pulmonary Weakness Spitting of Blood Croup Whooping Cough Influenza Cholera Infantum &c &c is PUMALIA WEAKNESS and DISEASES of the LUNGS or Pectoral Organs of every name and nature are speedily cured by the use of this celebrated vegetable remedy. In all cases of fever it will be found the most pleasant wash that can be used. A few applications only are necessary to keep the skin from falling out. Its strengthening properties are unrivalled by any other preparation. Ladies who have injured their hair by the use of mercurial or other mineral preparations will find this a safe and effectual restorative.

☞ Caution—Never buy unless you find the name of Comstock & Co upon the wrapper of each bottle or you are sure you are not using the genuine article.
